

This is an early notice of our first Outing of 2017. It is a camping outing and we are going to Cullendore High Country which is located just over the border in NSW about 20 odd kilometres NE of Stanthorpe.

The dates are 3rd April to 10th April and I have booked a group camping area and we will be the only campers in this particular area.

We have flush toilets but have to go about 1-1/2 kms for a shower. The dates clash with school holidays but we are booked in and Cullendore has only been going for a short time so there will be no problems that I can foresee.

The cost is \$15 per person per night, caravans etc are welcomed and the camp is flat.

We will be collecting the money for this trip but all these details will be sent out closer to the time.

Anybody that is interested in this Outing the web site is <http://www.cullendore.com/>.

The weather at this time of the year should be good 10/27 is the average for April with frosts showing up in May.
